ENERGY CONSERVATION PROJECTS

Name _____ Address _____

City _____ Zip _____ Telephone _____

Contact Person _____

Estimated Total Cost _____ Amount of Loan Requested _____

Estimated Startup Date _____ Estimated Completion Date _____

SECTION I - DESCRIBE THE ENERGY CONSERVATION/RENEWABLE RESOURCE PROJECT:

Provide description adequate to determine technical and economic feasibility of project. No specific format is required. **Describe existing conditions, proposed improvements, and the itemized costs of improvements. Include bids or estimates. Provide square footage of building and use of structure.** For **heating system improvements**, provide fuel type and age of existing system, along with one year's data of heating costs; describe the new system including the efficiency. For **windows and doors**, list square footage to be changed, age and type of heating system, existing conditions, e.g. single-pane windows, hollow-core doors, etc. and describe the improvements, e.g. double-pane windows, low-E glass, solid doors, etc. For **insulation**, provide amount or R value of existing insulation, square footage to be changed by area, e.g. ceiling, floor, walls, and the new R value or inches and type of insulation, e.g. batts, blown-in, to be installed. For **other projects**, provide as much detail as possible. Include drawings and diagrams as necessary. Where appropriate give brand names of equipment. For **geothermal projects**, provide legal descriptions. Be prepared to provide additional information if requested by review staff. Please continue description on additional paper, if necessary. NOTE: Major projects may require formal engineering studies.

This image shows a single sheet of white paper with horizontal blue or grey ruling lines. The lines are evenly spaced and run across the width of the page. There are approximately 20 lines visible. The paper has a slight shadow on the right side, suggesting it's resting on a surface.

PROJECTS MUST COMPLY WITH APPLICABLE FEDERAL REGULATIONS, AND STATE, COUNTY OR MUNICIPAL HEALTH, BUILDING, HOUSING, FIRE PREVENTION, AND HOUSING MAINTENANCE CODES.
